SMART ROOFING

Savings

Management

Accountability

Reliability

Timing

Protect your assets the SMART way:

Savings

Efficient design, high quality, and environmentally responsible measures.

Management

Structured plans, tailored design, routine inspections, recommendations, and preventive maintenance.

Accountability

Timely written reports and cost estimates, itemized and prioritized.

Reliability

Prompt response using proper procedures and quality service.

Timing

Pro-active approach. Address roof issues before they become roof emergencies.

SMART Roofing means:

- Extended warranty. Keep existing structure working by using proper maintenance procedures to ensure watertight integrity. Protect the environment. Ask about Green and Live procedures.
- Proper roof maintenance can extend roof life, possibly qualifying for an extended warranty. A properly formulated maintenance plan and general housekeeping will avoid unnecessary wear and tear.
- Accountability and clarity of products used, costs, and location of work performed. Accurate record keeping.
- Emergency services, proper recommendations and use of product. Professional designs for longer service life and savings.
- The goal of maintenance is to minimize the impact of aging on buildings, damage to contents, and reducing downtime that can negatively impact your bottom line.

SHENCORP

SMART Roofing is Your Answer

SMART Roofing benefits:

- Your roof protects your assets. If your roof leaks, damage to the building contents may result.
- Many new technologies are available to restore and maintain your existing system. Let us formulate a plan that fits both your needs and your budget.
- Shorter job installation time and reduced labor costs translate into less outlay for you, as well as fewer interruptions and less inconvenience.

Why waste what you have?

Take action now to protect your investment and avoid costly repairs.

Shencorp Inc. has been a leader in the roofing industry for more than 30 years. Our professional staff will assist you in developing a plan for your ongoing roofing needs. We offer solid service and warranty all our work.
